E. J. BROOKS.

FERTILIZER

TO FARMERS, Tobacco Fruit Growers.

Your attention is called to the EUREKA AMMONIATED Bone Super-Phosphate of Lime Bradley's Patent TOBACCO FERTILIZER

MANUFACTURED BY THE

ALLEGHENY FERTILIZER CO., OF PITTSBURGH. These Fertilizers are the cheapest, most reliable and convenient Manures ever manufactured, insuring to the Farmer a large return for a small outlay, increasing the crops from forty to fifty per cent. In proof of this we submit the following Analysis made by Prof. OTTO WUTH, of this city, with the accompanying letter. ompanying letter:

Analysis of Phosphate made by Prof. Otto Wath, for the Alleghan Fertiliser Company, Pituburgh, Pa., January 20, 1865. Gypenm. Phosphoric Acid,, in water Soluble in Acids. Sand and Clay.

PITTERURGH, January 20th, 1806. ALLEGHENT FERTILIZER COMPANY:
Gentlemen - Enclosed I send you the Analysis of your Enreks Gentlement—Enclosed I send you the Analysis of your Enreka Ammoniated Bone Super-Phosphate of Lime. The immens value of the Super Phosphate is known to every Agriculturalist; also the fact, that the value of different Fertiliters is always in proportion to the amount of Soluble Phosphoric Acid and Salts of Ammonia. The "Eureka" coutains over four-fifths of its Phosphoric Acid in the soluble state, also, twelve per cent, of Salphate of Ammonia, and a considerable quantity of organic matter of fermenting quality. It is obvious that a Fertilizer of such a composition cannot be surpassed, and it gives me a great deal of pleasure to recommend your "Eureka" as the most reliable Fertilizer which has come to my knowledge.

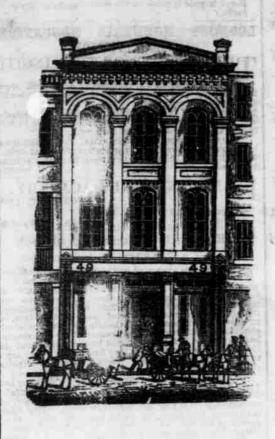

Yours, respectfully,

OTTO WUTH,

Analytical and Consulting Chemist,

Corner of Third and Smithfield streets.
